# RENEWAL

Formerly a working garage, the pool hut includes an indoor-style lounge. French doors allow views out to the pool and ravine.  
**Rug, Elte; square pillows, Quasi Modo; rectangular pillow, Fluf.**  
OPPOSITE: **Bowl, vases, Hollace Cluny.**

A row of trees maintains a sense of privacy in the backyard. Landscape architect Mark Hartley designed the flagstone deck to look rough and natural, like it had been there for years. **Loungers**, Design Within Reach.

This simply furnished dining area in the pool hut can be opened (below, right) or closed (right) to the adjacent herringbone terrace via a rolling garage door. **Table, chairs**, Design Within Reach; **vase**, Studio b; **lanterns** (right), Constantine.
